Our Year

1955

JUNE

JULY

AUGUST

They lighted the path to our goal. They were our inspirational guidance throughout our three years here. We, the senior class of 1955, dedicate this LAMP to those who as a group have helped us most — our doctors.

Dedication . . .

. . . In Appreciation

To you who were always there when we needed your encouragement and advice; for your understanding of the many problems which faced us; and most of all for your sincere interest in us as individuals.

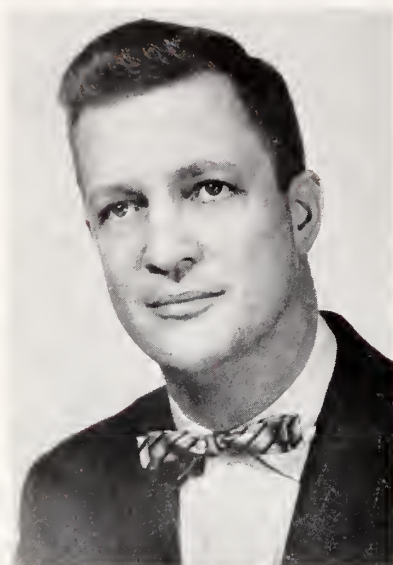

We also wish to express our deep appreciation for the initiation of the business managing of our LAMP by Miss Ann Moore.

ALUMNAE ASSOCIATION

The objective of the Charlotte Memorial Alumnae Association is to stimulate mutual help, improvement of Professional work and good fellowship among the graduates of the school; to advance the interests of Charlotte Memorial Hospital School of Nursing; and to promote the Professional and Educational Advancement of Nursing in co-operation to its District and State Associations.

OFFICERS

WOMEN'S AUXILIARY

The Women's Auxiliary of the Charlotte Memorial Hospital was organized for the sole purpose of service to that institution. It is our aim to find and supply needs, whenever possible, in any phase of its operation. The Nursing School is a very important part of the hospital. Therefore we feel that any service we can render the student nurses is one of our most effective functions. It gives us much satisfaction to be able to contribute to the progress and well-being of the students whenever possible. For in the student nurse lies the future of the nursing profession.

CLASS HISTORY

On September 1, 1952, history was in the making as the class of 1955, green and scared as we were, began our three years training at the Charlotte Memorial Hospital School of Nursing. We were amazed at the friendliness and hospitality shown to all thirty-eight of us. We were officially initiated to Charlotte Memorial Hospital with a picnic and pajama party and lots of wild tales.

Then the fun had to be mixed with work as we started our classes. It seemed as if there was a test every day, but we made up for those long hours in class by whooping it up at night. We really kept our proctor busy.

Judy Roberts was our president and one of the highlights of the year was the Halloween Carnival. We were so proud when we won 1st prize with our "Zigfield Flop." Remember Killian and Stebbins doing "Men Are Good For Nothing." Everyone was a little homesick by this time so in November we started packing our bags to go home for Christmas vacation. The new year opened with more classes and A. M. and P. M. care. We could hardly believe we were finally on the floor caring for patients. We surely were scared, but we had gained confidence as the day we had been waiting for finally came. No one could have been so happy as we were when we got our white caps and proudly went home for two weeks for a vacation.

The summer was fun with lots of tennis and trips to Freedom Park. We really learned what was meant by an eight hour working day. It was all worth the effort as the added prestige came with becoming a junior. At last we seemed to really become a part of the nursing profession as we were given more responsibility than ever before. We only saw each other in class now as we began working 3-11 and night duty. We started going to such specialized services as the operating room, obstetrics and pediatrics. Our president this year was LaVonne Stroupe. A big highlight of the year was the Junior-Senior banquet we proudly gave the seniors. The theme was "Hitch Your Wagon To A Star." Reverend Sieving was our speaker and the evening was thoroughly enjoyed by all. Most of us stayed for the

Spring dance which was held afterward. Everyone looked so pretty.

In order to finance this banquet our class sponsored a Minstrel. It was directed by Dot Bullard and the Interlocutor was Dr. Glenn Pennington. It was lots of fun for us and it was well received by the public.

Then the dreaded day came. Our class was parted for the first time in March when nine of us left for Torrance, Pennsylvania. Even though it meant we would not all be together again for nine months, it was an experience never to be forgotten. In the spring of the year our student body elections were held and we were proud to have Becky Killian elected President of the student body. During this eventful junior year more of our girls got their diamonds and, of course, a few more left us. We began our senior year with only twenty-five students.

It was really wonderful to have our class all together again and we immediately began to work on our biggest item of the year—raising funds for publication of the annual. Nancy Coffey held us through this year with numerous money making schemes. The Halloween Carnival was again sponsored by the senior class and Ann Moore helped to make our side show a success with her torchy songs.

Then we had the greatest event of the year—another Dixieland Minstrel. We shall always remember Dr. Glenn Pennington as "Mr. Interlocutor." One of the most momentous occasions of the year was our delightful cruise to Hawaii given us by the juniors at the Junior-Senior banquet. History seemed to be repeating itself as the girls' basketball team again won the city championship. We were a small class but we learned one lesson—"Wherever there is harmony a lot can be accomplished."

We, the class of '55, have many precious memories that will live with us forever and no matter how far away we may be from Charlotte Memorial we shall always strive to live up to the high ideals we all learned as a student here.

Congratulations

to tomorrow's R. N.s

During the past three years you, as a student nurse with long hours of dedicated service and distinguished leadership, have qualified yourself as worthy of the title "Registered Nurse."

Hotpoint, celebrating 50 years of leadership in the appliance industry, is honored to have had the privilege of air-conditioning Charlotte Memorial Hospital.

from Friends

LET **ME** HELP, NURSE

I can keep the room cool for you, help you get rid of germ laden dust, give your patients protective, non-glaring light, guard their food and medicine.

In the diet kitchen, laboratory or operating room — whenever your healing service calls — you'll find me right there, ready to go to work, day or night.

We're just working gals, too, so we know! Come on up to Montaldo's Third Floor where fashion is high and prices low.

We've everything — from bathing suits to ball gowns!

Third Floor

*Better Foods
for Young
America*

Today, school cafeteria buyers have found that good food costs less, especially in feeding children and teenagers. There is no waste in serving food of the same fine quality that is featured in the leading hotels and restaurants. There is no extra cost for the assurance gained by serving food of the same purity as that served by the most exacting hospital.

Sexton foods are prepared exclusively for those who serve many people each day. This specialization makes dealing at Sexton's pleasant, convenient and satisfying. Sixty-three years of dependable service are back of every purchase.

A Sexton salesman calls in your town at least every other week. If he has not been in to see you, please drop us a card and we will have him call.

*For
Pleased Guests
and Profits*
